

# WebEx - Share/Download Meeting Rooms Recordings

For individuals who have recorded personal meeting rooms through WebEx, here is a step-by-step guide on how to share the recording with others.

## Step-by-step guide for sharing or downloading Meeting Room Recordings

1. Open [webex.valpo.edu](https://webex.valpo.edu) and click on the blue Sign In button in the left hand navigation
2. Enter your WebEx credentials
3. Click on the Recordings link in the left hand navigation
4. Locate the Share icon on the right side of the screen associated with the personal meeting room recording
5. In the Share Recording dialog box that appears, you can copy the Link and share via email with others who would need access to the recording
6. If you want to **download the recording**, locate the down arrow on the right side of the screen associated with the personal meeting room recording
7. Once you click on the down arrow, the recording will start and download to your computer.
8. Please move the recording to Google Drive or your H:/S: drives if you wish to retain the recording
9. In most cases, Personal Meeting room recordings are in MP4 format and easily downloaded. In some cases, downloaded recordings will be in a Webex format (ARF) and you can download the ARF player at: <https://www.webex.com/video-recording.html> to view the ARF files
10. The ARF player will allow you to export to other formats through File >> Convert/Format >> MP4 . Be aware, this process can be lengthy

For related WebEx information, please visit [FAQ - WebEx](#) or email [webex@valpo.edu](mailto:webex@valpo.edu) for further assistance

When viewing recordings, buffering can take time, especially when using a wireless network. Either switch to a wired network connection or allow up to 15 minutes for the video to buffer.
