

Taking Attendance in Blackboard

Taking attendance in courses is crucial for student safety. Attendance can be tracked in Blackboard to include or exclude from the course grade. Additionally, Blackboard attendance will record in Starfish for advisors and others to monitor whether a student is attending class or not.

Step-by-step guide

This short video by Blackboard will assist in setting up and using the feature in Blackboard.

Additional information and instructions can be found on Blackboard's Help Page at: <https://help.blackboard.com/Learn/Instructor/Grade/Attendance>
